

CHAINWAND

THE ULTIMATE CHILD SAFE CHAIN CONTROLLED BLIND

Chainwand provides a child safe roller blind solution by incorporating a tension device to the control mechanism. The one piece chainwand fastens the chain at all times, keeping it from harms way.

Multi directional pivoting wand ensures the blind can be controlled at multiple angles for a convenient operation as well providing a practical packaging solution for transportation.

Make child safety your priority.

- **FAST ASSEMBLY;** all inclusive chainwinder, wand and chain set.
- **CHILD SAFE** with no loose hanging chains.
- **NO ADDITIONAL WALL FIXINGS** required together with a soft rubber end, eliminate secondary screws and unsightly marks on walls.
- **SELF TENSIONING** wand keeping chain taut and secure at all times.
- Available in a range of wand lengths.
- **S40 & S45 COMPATIBILITY** suited for popular medium sized roller blind systems.
- **180 DEGREE SWIVEL & TILT** rotating wand.
- **EASY TRANSPORTATION;** the one piece wand folds into the blind for a convenient packaging solution.
